Dear Josh:

In response to your request to Stan, our staff has started to prepare some background material on NIMH support of experimental biology, biochemistry, psychobiology, etc., (lists of active grants, lists of approved but unfunded grants, and their pertinent staff documents available) for the Council meeting.

If it is possible to complete our data gathering by this coming Monday (March 18) we will mail the material to you. In the event it takes more time, it will be made available at the meeting.

Sincerely,

E A R,

Eli A. Rubinstein, Ph.D.  
Assistant Director for  
Extramural Programs and  
Behavioral Sciences

P.S. Hope you can save <sup>one</sup> ~~our~~ luncheon date during Council to talk about next steps in our discussions on behavioral sciences.

ELI RUBINSTEIN
